

Being separated from your children can be difficult

Journeys of Separation (Parenting Children) Is designed to provide you with information on:

- What the Family Relationship Centre offers
- Impact of separation on adults and children
- How separation affects the development of children
- Understanding parental relationships and impact on children
- Identify better ways to help children through this journey
- Ways of resolving your dispute under the Family Law System
- Ways to reduce conflict with your child's carer
- Ways to ensure ongoing communication between the carer and the parent
